Reference Letter

We hereby refer that Pino Vojkovic and his team from

ALTER NATURA
PUTNIČKA AGENCIJA d.o.o.
Hrvatskih mučenika 2, Komiža
Croatia

have worked for our company, the montage+ film production, to realize two episodes of a documentary series for the German Television Channel 2 "ZDF" ("Zweites Deutsches Fernsehen", www.zdf.de). Founded in 1961, ZDF is a publicly owned television station in Germany and is part of the German broadcasting services.

Pino Vojkovic and his team have worked for us as location manager on the island of Vis from **March 15th until May 10th, 2010**. Their work included the preparation and organization of the film shooting, the researching of filming locations, the obtaining of filming permits, as well as the transportation of the whole film crew and protagonists for the time of the shooting.

We were very happy to have Pino Vojkovic and his team as our stringers on Vis. They have carried out the organization and preparations of our extensive filming work perfectly. During the shoot they have been immensely helpful and patient, and anticipated our every wish and need. We thank him very much for the wonderful energy and support he and his team have given us during our filming in Croatia.

With pleasure we would readily work with Mr. Vojkovic and his team again.

Sincerely,

Miriam Weinandi
CEO and Producer
